

## AP European History Summer Assignment

Welcome to AP European History. I am looking forward to our educational journey into Europe in the coming year. In order for us to have the greatest amount of success in this endeavor you are required to complete the following summer assignment. This assignment is designed to introduce aspects of European history that are vital to your success in the coming year. The purpose of the assignment is to prepare you for the rigor of AP European History as well as to get a head start on the large amount of material that will be covered in this course. Failure to complete the summer assignment and/or failure to pass the European geography, vocabulary and Chapter 11 test may negatively affect your grade in AP European History.
